MINERS ARE ENJOINED

The Temporary Injunctions Made Permanent.

OPERATORS' NEW MOVEMENT.

They Have Arranged to Start Up a Few Mines, With or Without Force, and the Expenses Will Be Shared Pro Rata. Strikers Not Discouraged and Will Keep Up the Fight.

PITTSBURG, Aug. 19.—Judges Stowe and Collier have handed down their opinion in the miners' injunction case. The decision makes the preliminary injunction permanent.

The degree is in the proceedings of the New York and Cleveland Gas Coal company against the United Mine Workers of America, Patrick Dolan, William Warner and others.

The plaintiff was ordered to file a bond of \$5,000 to answer for such damages as may be sustained by the defendants by reason of the injunction.

Immediately after the filing of the decree and upon motion of Mr. Thomas Patterson, the court ordered a similar decree to be drawn in the case against the Bunola miners, in which the injunction was applied for by Rufus C. Crawford.

In order to follow up their advantage the operators held a largely attended meeting last night at the Monongahela House and arranged for the starting of their mines with or without force. If force seems to be unavoidable, it is the intention to start a certain few mines at once under the protection of deputies and whatever expense may result will be shared pro rata by the mine owners. This scheme to start the mines was adopted to break the national strike in 1894. The operators then agreed to bear the expense and two mines were put in operation and the men were guarded by deputies. The mines selected were the Manown of the Youghiogheny Gas Coal company and the Durr mine of Osborne, Saeger & Company. At the former mine 18 railroad cars were loaded the first day. It was expensive coal, but when the bills were settled no operator could be found to tell what the coal cost. Various estimates were given and it was conceded by some that it did not cost a cent less than \$5 a ton. But it had the desired effect.

A similar successful effort was made by the operators several years ago when a number of colored men were brought in from the south and foreigners were imported from other localities. They remained after the strike was ended and are still in the district and among the surplus of miners.

President Dolan of the miners' organization does not believe the movement will be a success this time, as the strikers are more in earnest than in any former struggle. "The operators now talk about their inability to pay the advance on account of having taken contracts at the 54-cent rate," said he. "When they made those contracts they were fairly warned that a higher rate would be demanded. We called for conferences and told them not to make any contracts based on the low rate for digging. So that there could be no possibility of a misunderstanding we issued a public notice and had it printed in the daily papers. They were told plainly not to make contracts based on a 54-cent mining rate. We did not take any advantage of them, for they knew what was coming. When I spoke of a strike they merely laughed and said: 'We will have you starved out in two weeks.' They see now where they were mistaken and want to start, but they will not succeed. We will establish a camp and march at every mine where the attempt is made to operate. We will fight to the bitter end."

Camp Determination, at Turtle Creek, has been reduced in numbers from 200 to 50. The men who were told to go home gathered in an angry crowd and denounced the officials bitterly. Secretary William Warner came in for a large share of vituperation from the crowd. They demanded of him work or assistance. He replied rather curtly that he would get them jobs in the workhouse.

After Warner left a number of the men threatened to return to their respective homes and go to work in their mines. They said the strike was a fizzle. Some of the men left for the Irwin and Greensburg districts, where they will look for work.

Uriah Billingham, in charge of the camp at Plum Creek, put a damper on the campers at that place yesterday. He had just returned from the city, where he heard the court's decision in the injunction case. He told the men there would be no more marching and no need of such a large number of men at the camp. He advised the men to disperse to their respective homes and get work wherever they could. At this camp, where there were 800 men, there are now less than 100.

Sandy Creek camp is practically abandoned and it is not known whether it will be opened again or not. All told there are less than 150 men now encamped about the three mines.

It is said the men who are still in the camps will remain there and will march as usual in spite of the sheriff and the court's order. President Dolan said that his men would continue to march and if the sheriff arrested them, other men would take their places at once. Said he: "The sheriff will have to do his duty if he violate the law, and arrest us. If he is of the opinion that we are violators he will have to take us to jail and punish us like any other criminal."

"I have sent an order to all of the camps to continue the marching on the same peaceable lines that we have been

following and I am willing to abide by the result. We do not intend to give up an inch of what we have gained. If we are arrested we will go quietly and submit to whatever punishment is dealt out to us, provided it is proven that we have broken the law. We do not wish to savor the sheriff from the line of his duty."

The small showing of men at the camps has apparently encouraged the Dearnits and it is expected they will make the attempt to start their mines in full at once.

Arrangements for holding a meeting of the United Labor league at Plum Creek next Sunday afternoon are being made. It is expected to make this meeting the largest ever held and one of the big events of the strike.

A meeting of miners from the Mucklerat mines waited on Superintendent R. G. Dickson of the Mucklerat mine of J. B. Corey, and asked him if he would open the mine if the men return at the 54-cent rate. He said he would not and the mines would not be opened until the next lake season.

WILLING TO PAY FIFTY-FOUR CENTS

Operators Seek a Conference With a View of Settling the Strike.

PITTSBURG, Aug. 19.—A meeting of the Pittsburgh coal operators was held last night and the president, Peter M. Hitchcock, was empowered to appoint a committee who will seek a conference with the miners' officials, looking to a settlement of the strike. It is understood that the basis to be urged for a settlement by the operators is the 54-cent rate for mining, and should the miners refuse to accede to this, and their old employees decline to return to work, the operators will at once import men and start their mines at any hazard.

As it is extremely unlikely that an amicable arrangement can be effected, the mine owners have agreed to share the expense attendant upon the starting of the mines, and no expedient will be overlooked in the accomplishment of the object aimed at, the breaking of the strike. The mines to be experimented with have not as yet been selected, but it is said the break will be made at four different places widely scattered throughout the district, in order to as much as possibly disconcert the strike leaders.

BIG MARCH CONTEMPLATED.

Ohio Miners Will Go Across the Country to the Fairmont Mines.

WHEELING, Aug. 19.—The eastern Ohio strikers, flushed with their recent successes in marching to working mines on both sides of the river, are seriously considering a proposition to march across the country from Wheeling to Fairmont to assist in the desperate efforts now being made to have the strike general in that region. The distance by the Wheeling and Fairmont pike is about 50 miles, and at least three days would be required for the march. The country to be traversed is rough and sparsely populated.

Secretary Lewis and other eastern Ohio leaders oppose the plan, but as the strikers have recently persisted in doing other things in opposition to the desires of their leaders, it would not be surprising if the march to Fairmont would soon become a reality. In connection with the proposed march the announcement that General Coxey is to be sent in West Virginia is made. He will be detailed for work in the Fairmont region. It is not known, however, that he will be connected with the march across the country.

HOLDING THE TOWN.

Illinois Miners at Coffeen Camped Close to the Mines.

COFFEEN, Ill., Aug. 19.—"General" Bradley's army of striking miners held this village yesterday. The 400 men formed groups as near the coal mine as they could get without trespassing on the company's land and talked with the miners as they came to work. The miners were afraid of trouble and only about 50 went to work.

Armed deputy sheriffs patrolled the coal company's grounds with orders to shoot any one who might attempt to enter the premises without leave.

When the men quit work in the evening they were intercepted on their way home and urged to attend a meeting later at night, but few responded. Bradley was released at Hillsboro yesterday on a recognizance for \$1,000, signed by several Mount Olive men, including Mayor Fouchs, and also by T. J. Walton and Henry Mitchell of Hillsboro. The preliminary trial on the charge of resisting officers in the discharge of their duty is set for next Wednesday. After his release Bradley rejoined his army in this village.

CONTRIBUTIONS FALLING OFF.

Only Six Dollars to Feed Over Seven Thousand Hungry Miners.

BRAZIL, Ind., Aug. 19.—The contributions to the needy miners of this district are falling off in a most distressing manner. Coming from all parts of the state and from all sources outside of this city, only \$6 was received yesterday to feed the 7,500 hungry and distressed. Yesterday was the regular distribution day at the commissary, but so little was received that it was decided to not open the commissary at all. This city is still donating liberally, but is unable to look after the entire number.

The plant of the Central Iron and Steel company of this city has reopened, giving employment to between 800 and 400 men. The mill is using West Virginia coal, and the efforts of the miners to stop it have been fruitless.

OTHERS SUSPICIONED

Senation Promised in the Bellefontaine Tragedy.

FORD CONFESSES TO STEALING.

Sentenced to Jail For Twenty Days and Fined Five Dollars and Costs—Boy Drowned—Unknown Man Killed—A Man's Hand Badly Mangled—Brakeman Killed—Other Ohio State News.

BELLEFONTAINE, O., Aug. 19.—Quietly and without any excitement "Tiny" Ford, the suspected murderer of the Detricks, and Ed Faughy were brought before Mayor Wright, charged with stealing a copper kettle. Both were represented by Attorney Hamilton, who entered for them a plea of guilty. Each was fined \$5 and costs and sentenced to 20 days in jail. Neither spoke a word and both were taken back to jail, no one being allowed to speak to them.

Not a word was spoken in regard to the butchery of the Detricks at the trial, much to the disappointment of all. The mayor's office was thronged as were the streets on both sides when the prisoners were returned.

Deerwester now talks louder and begins to remember what has happened. A search of the Ewing home where Deerwester lived was made yesterday morning, but nothing brought to light. The authorities think the mystery will be solved, however, within a short time. There are others, it is now known, without doubt, besides those now in jail.

Boy Drowned.

BARNESVILLE, O., Aug. 19.—Isaac Gray, a 16-year-old boy of this place, was drowned in the lake at Epworth park last night. The lad was alone and was swinging on a rope used by the bathers, when he fell into the water from a height of about 20 feet, and was drowned before assistance could reach him. Parties in boats dragged the lake for two hours before the body was recovered. This is the first serious casualty to occur at the park.

Unknown Man Killed.

YOUNGSTOWN, O., Aug. 19.—An Erie switch engine at midnight struck a stranger killing him instantly. When seen he was lying with his head on one rail, and his feet on the other, and too late to avert the accident. It is supposed his home is in Newcastle, as the only paper found on him was the return portion of a Pittsburgh and Western Sunday excursion ticket sold at Newcastle. The remains are held awaiting identification.

Narrowly Escaped Drowning.

MARSHALL, O., Aug. 19.—Ex-Senator Conrad narrowly escaped drowning at Turkeyfoot lake. His fishing boat capsized 300 yards from shore. He swam to land and burst a blood vessel in doing so. Though exhausted, he returned to his boat, desiring to tow it ashore. He was too weak to succeed and made land with great difficulty, where he was found in a comatose state by a farmer, who took him back to camp. He will recover.

Thresher's Hand Torn to Pieces.

DALTON, O., Aug. 19.—While threshing on the farm of E. H. Wenger, near here, John Martin met with a terrible accident. He opened the cap in the rear of the cylinder, and inserted his hand to remove some straw which had partially clogged up the machine. His hand came in contact with the spikes, and was literally torn to pieces. Mr. Martin is a thresher of 30 years' experience, and this is his first accident.

Leasing Land For Oil.

TIFFIN, O., Aug. 19.—The oil men have commenced taking leases in the vicinity of Melmore, eight miles south of this city, and will thoroughly develop the territory. There is quite a scramble for leases and several hundred acres in close proximity to the village are said to have been leased. It is understood that parties from Portage county are interested in the project and that the first well will soon be commenced.

Brakeman Killed.

ALLIANCE, O., Aug. 19.—Edward J. Henny of this place, a freight brakeman on the Cleveland and Pittsburgh division of the Pennsylvania lines, attempted to jump on an eastbound passenger train, No. 338, in the Cleveland yards. He missed his footing and was thrown under the wheels and crushed into an unrecognizable mass. He was about 24 years of age and unmarried.

No Evidence Against Him.

CIRCLEVILLE, O., Aug. 19.—Martin Hardesty who was arrested a few days ago, charged with the murder of his stepson, Frank Smith, has been released. The supposed dead man has been down in the Hocking hills for six weeks, where he went immediately after a violent quarrel with his stepfather.

Land Sharks Busy.

NORTH LEWISBURG, O., Aug. 18.—The favorable prospects for oil at the well being driven at Middleburg has caused the appearance of land sharks. Land is soon expected to advance 20 per cent in valuation.

William Berner Heard From.

COLUMBUS, O., Aug. 18.—In a letter to a prison official, William Berner, whose crime caused the Cincinnati riots, announces that he is running a sawmill at Friendship, Ind.

DID ANDREE SEND A MESSAGE?

Scientific Men of Washington Have Some Very Serious Doubt About It.

NEW YORK, Aug. 19.—A special to The Herald from Washington says: Scientific men in Washington are greatly interested in Andree's polar expedition and are eager to glean from any reliable quarter information concerning him. Professor William Harkness of the naval observatory, in discussing the story, said in an interview:

"I have no reason to doubt that Andree may have reached as far as 82 degrees north latitude. There is nothing so remarkable in that. Nansen, for instance, went as far, or further, but I am inclined to think the Christiansa story is unreliable. I will not say that it is impossible for a carrier pigeon to cover the 600 or 800 miles indicated over icy seas, but it would be only one chance in a thousand if the bird took a direct route, and if its vagaries were very extended it would die before long from lack of food. Under the best possible chances a bird perhaps might cover the distance in from 12 to 24 hours, resting on the floating ice en route."

"One strong reason for doubt is that the latitude and longitude of the place where the pigeon is reported to have been shot are not given in the dispatches, and that is so contrary to nautical custom as to give rise to suspicions. Then granting the pigeon was found and shot and the alleged letter obtained, it seems very improbable that a captain so well acquainted and so much interested in Andree's plans as this one is said to be, should refuse to give the letter into hands that would carry it directly to civilization, but carry it with him further into the Arctic region. He would naturally have been glad to give any such important news to the world as quickly as possible."

A Different View of It.

CHRISTIANA, Aug. 19.—M. Macharon, who prepared Herr Andree's balloon, says it was arranged to start the first carrier pigeon 24 hours after the ascent, and he believes that the bird shot between North Cape and Seven Islands by one of the crew of the sailing vessel Alken was probably the first sent out.

STEAMER FROM ALASKA.

The Very Latest News From the Klondike Gold Region.

SEATTLE, Wash., Aug. 19.—The steamer Alki has arrived from Dyce, Alaska. Willis Thorp was handed a letter by a man who came down on the Alki from Dyce. It was written by Edward Thorp and came overland, saying that he had cleaned up \$130,000 in the Klondike in eight weeks and was coming home on the steamer Portland which is due in Seattle on Aug. 26. Thorp left Seattle one year ago having gone north with a drove of cattle.

The Alki brings news that a few miners have crossed the divide. Several hundred men will winter at Dyce and go down the Yukon in the spring. The body of Dwight Fowler, a well known young man from Seattle, who was drowned at Skagway, was brought down on the Alki.

Monster Animal at Large.

VANCEBURG, Ky., Aug. 19.—A monster animal resembling a panther is terrorizing the inhabitants on Spy Run, this county. It has killed and devoured a great many sheep, hogs and dogs. Its piercing screams can be heard for several miles around and it is impossible for the farmers to work their horses in the fields in that locality on account of its cries scaring them. A young man named Frank Cartmell recently saw it in the woods and came within an ace of being killed.

An Old Grudge Results in Murder.

LOUISVILLE, Aug. 19.—Max Wiley, a clerk for Bernheim Brothers, whisky merchants, was shot and fatally wounded yesterday by Joe C. Kouwenbergh, a gauger. The shooting occurred in the store where Kouwenbergh had his office and was the result of an old grudge. Wiley is a well known whisky man, while Kouwenbergh is a brother-in-law of Collector Ben Johnson and prominently connected throughout the state.

Farmer Blown to Pieces.

ROCKMART, Ga., Aug. 19.—W. B. L. Davis, a wealthy farmer, living three miles west of this place, was killed yesterday by the accidental explosion of 17 dynamite cartridges. He had put the box of dynamite under the kitchen stove for the purpose of drying. The kitchen and dining room were badly wrecked and the body horribly mutilated. Davis was 60 years old.

Kidnaped Boy Not Heard From.

ALBANY, Aug. 19.—There have been no developments in the Conway boy kidnaping case. The police are at sea. They hope that when no reward is forthcoming the boy will be let go. Searching parties are scouring the woods. Mayor John Boyd Thacher has offered \$500 for the arrest of the kidnapers and the recovery of the child.

Bank Robber Captured.

NOEL, Mo., Aug. 19.—Word has just reached here that the leader of the Pineville bank robbers was captured in the woods, 80 miles southwest of here, at 6 o'clock last night. The robber, who is badly wounded, refuses to reveal his identity. A posse with bloodhounds is in pursuit of the two other robbers.

Victim of Paralysis.

POMEROY, O., Aug. 19.—Colonel E. R. Davenport, aged 58, known all over the west as a builder of waterworks, died last night from paralytic stroke. He was a native of Charleston, W. Va.

JUST BACK FROM CUBA

Interview With an American Who Was With Insurgents.

HE FOUGHT UNDER GEN. MACEO.

Tried to Join General Gomez, but Failed

and Finally Compelled to Leave the Island—Five Expeditions Have Recently Sailed For Cuba—Weyler Denies His Resignation—Other Cuban News.

NEW YORK, Aug. 19.—Ira C. Farley of Cleveland has just landed in New York from Havana. He went to Cuba with the Leyte Vidal expedition a year ago. Being attached to the western army, he attracted the attention of Antonio Maceo by his gallantry in battle. Maceo promoted and trusted him. "We usually fought in small parties," said Farley, "but once in a while there would be a battle in which from 1,000 to 1,500 of our men would be engaged. A curious thing was that you could always tell whether it was Spaniards or Cubans who were fighting, because with the Spanish troops it was always volley firing, and poorly aimed firing at that, while with the insurgents the firing was always scattering and individual."

Of the late General Maceo, his chief, he speaks in the highest terms. "He was the bravest man I ever saw," said he. "Maceo could not rest when the enemy were near him until he was fighting them. He was like a lion and did not know what fear meant. And when bullets were whistling about him he was always cool and composed. The army were appalled when they heard of his death."

Colonel Baldomero Acosta and Captain Jesus Delgado made their way back to the field and so secretly buried the body that the Spaniards, in spite of the most strenuous efforts, have been unable to learn the spot where it was interred. Neither have the two officers intrusted the secret to any others, from fear that it might somehow be betrayed.

For several months Farley tried to cross the island to where Gomez is in command, but every attempt failed. Finally, wasted by fever and the effects of exposure, he found he must leave the island or die. With difficulty he made his way the outskirts of Havana, and was there two weeks ago arrested as a suspect. He was examined before a tribunal, but pretended complete ignorance of the Spanish language and was allowed to go aboard a steamer bound for this city.

DETECTIVES NEVER CAUGHT ON.

Five Filibustering Expeditions Have Recently Left Atlantic City For Cuba.

ATLANTIC CITY, Aug. 19.—The fact has just developed here that five Cuban filibustering expeditions have left this city within the past few months. The last to put out, according to information furnished was on Tuesday, when not alone were provisions furnished, but ammunition as well. The agents of the Cuban cause have worked their expeditions so neatly that they put out under the eyes of Pinkerton detectives, who are said to be stationed here.

The expedition of Tuesday, it is reported, consisted of 12 rapid-fire guns and six dynamite guns. There were also 50,000 cartridges. All these articles were landed on a mud scow and this boat was towed up the beach about eight miles, where a steamer was met and the transfers effected. Pinkerton detectives are said to have questioned the Cuban agents while they were loading the boats as to the destination of the provisions, and received the answer that they were for country places up the coast. This satisfied the detectives and they left.

WORRYING THE SPANIARDS.

Towns Attacked by the Insurgents, but Are Driven Back.

KEY WEST, Aug. 19.—The latest news from Havana is that insurgent generals, Alejandro Rodriguez and Raoul Arango, in view of the reinforcement of the Spanish columns under General Molin Aguilera have withdrawn from their position at Lomas Grillo, near Madruga.

The rumor that the insurgents have burned Guantanamo is unfounded.

A body of 200 insurgents attacked the town of Dos Marias, near Guasimas, but without success and a smaller body attempted to enter Trinidad, but were beaten back.

What Sagasta Would Do.

MADRID, Aug. 19.—Senor Sagasta, the Liberal leader, is quoted as saying in an interview: "Even during Canovas' time dissensions existed in the cabinet, and if they are continued General Azcarra will be obliged to continue to hold office. In any case his cabinet is certain to be only a temporary one. I am ready to accept office, and should I do so I would apply reforms to Cuba in the widest sense."

Go Away From Home For News.

BERLIN, Aug. 19.—The Vossische Zeitung says that Minister Woodford will impress upon the Spanish government that autonomy for Cuba must be preceded by the withdrawal of the Spanish troops from the island. If General Woodford's mission fails, President McKinley has decided to take further steps, which he will announce by a special message to congress.

Weyler Says He Has Not Resigned.

HAVANA, Aug. 19.—Captain General Weyler denies that he resigned or that he has any present intention of resigning.

INDICATIONS.—Generally fair weather; light northwesterly winds.

GENERAL FORRESTER intends to carry the war into Africa, and will beard the Hunterites in their den. He will start a red-hot anti-Sapp-Todd Republican paper in Louisville September 1st. If any one can make it warm for Todd, Sapp & Co., Forrester is the individual.

HANNACRAT and Republican editors are rejoicing over the depreciation in the price of silver. And yet silver is one of the greatest mineral products of this country, and the fall in its price is taking just that much from the wealth of the United States. As well rejoice over the depreciation in the value of any other product.

WHAT'S the matter with Maysville? She don't have any fairs and she even let the great Black Diamond Railroad slip through her fingers. Come to Ripley and Dover, gentlemen, and hear the wheels buzz and see our new bridge over the grand Ohio.—Ripley Bee.

Don't you worry yourself about Maysville. She's all right. We'll have a fair all the same, and if it were not for the crowds we send down to your little one horse show it would prove a flat failure. As far as the Black Diamond is concerned, what's the matter with the magnificent L. and N. bridging the Ohio, and extending its great north and south trunk line to Columbus? This has long been contemplated, and the company could put the bridge and extension through while you and Br'er Sam Stairs and Br'er Curran are talking about \$5 "Black Diamond" stock. Don't get stuck up, because you're not out of the woods yet.

TOM WILSON

Promises to Make it Very Warm For Nominee Lykins in Lewis County.

VANCEBURG, KY., August 17.—Tom Wilson, one of the few Democratic Sheriffs ever elected in this county, has agreed to make the race for the Legislature, and the Democrats think that by concentrating their strength on the one man he will beat D. D. Lykins, the Republican candidate, who has to overcome a disaffection in his own party.

Parties on the inside of Republican lines declare that Judge Thomas, who rules the county with an iron hand, politically, desires Lykins defeated, and has hinted at trading him, to withdraw opposition from the balance of the Republican ticket.

Judge Thomas is at present in Washington in his position of Solicitor of Revenue, but has his wires well connected here.

The hottest fight in years will be waged in this county in November, and the Democrats hope to elect a Representative and County Judge.

Acetylene Gas.

We are now prepared to place on the market our machines for generating acetylene gas. These machines are adapted for lighting stores, factories, churches and private residences. Small towns and farmers can now have gas as well as those in the cities, as each consumer controls his own little gas plant, which is quite inexpensive. We guarantee to furnish six times as much light at less than half the expense of ordinary gas, electric light or kerosene lamps. A first-class agent is wanted in every county to sell our machines. SILVER JUBILEE

Of a Church Established by a Former Maysvillian to be Celebrated Next Sunday.

The silver jubilee of St. Patrick's Church, of Covington, which will begin Sunday, will be one of the most important Catholic celebrations of the year in this diocese.

Twenty-five years ago the church was established by Rev. James W. Smith, who has continued its pastor all these years. It was dedicated by the late Rt. Rev. Bishop Toebe, August 25, 1872.

The pastor, Rev. Mr. Smith, spent his earlier years in this city.

Rev. John M. Mackey, who will take part in the celebration, was raised near Washington, this county. He is now in charge of St. Peter's Cathedral, Cincinnati.

The State School of Reform Commissioners have decided to locate one of the schools near Lexington. The cost will be limited to \$50,000 and the institution will be for both sexes.

On account of Labor Day celebration and Agricultural Society meeting at Portsmouth, O., the C. and O. will sell round trip excursion tickets, Maysville to Portsmouth, at rate of \$1.55. Dates of sale, September 6, 7, 8, 9 and 10. Good returning until September 11.

CUTTING around the eyes should be avoided, unless you are willing to make yourself a subject for experimenting in surgery. This is unnecessary; Sutherland's Eagle Eye Salve will cure sore eyes and granulated lids after all others have failed. It strengthens weak eyes. It is harmless. For sale at Chenoweth's.

Mr. Deagon whose magnificent baritone voice is as mellow as a lute, as sweet as woman and as voluble as a "brief" will render among other new songs an entirely new one entitled, "Twill be Our Honeymoon." The "Dissecting Room" is the afterpiece and the "Nigger" will be the M. D. in charge. You will have an evening of roaring fun if you go out to Electric Park to-night.

Marvelous Results.

From a letter written by Rev. J. Gunderman, of Dimondale, Mich., we are permitted to make this extract: "I have no hesitation in recommending Dr. King's New Discovery, as the results were almost marvelous in the case of my wife. While I was pastor of the Baptist Church at Rives Junction she was brought down with Pneumonia succeeding La Grippe. Terrible paroxysms of coughing would last hours with little interruption and it seemed as if she could not survive them. A friend recommended Dr. King's New Discovery; it was quick in its work and highly satisfactory in results." Trial bottles free at J. James Wood's drug store. Regular size 50c and \$1.

Something to Know.

It may be worth something to know that the very best medicine for restoring the tired-out nervous system to a healthy vigor is Electric Bitters. This medicine is purely vegetable, acts by giving tone to the nerve centers in the stomach, gently stimulates the liver and kidneys and aids these organs in throwing off impurities in the blood. Electric Bitters improves the appetite, aids digestion, and is pronounced by those who have tried it as the very best blood purifier and nerve tonic. Try it. Sold for 50c. or \$1 per bottle at J. J. Wood's drug store.

AWFUL SUFFERING

In Famine-Stricken India—Miss Forman, the Missionary, Writes of the Terrible Distress.

Recent letters received in the county from Miss Emily Newton Forman, missionary in India, give most harrowing accounts of the dreadful famine in that distressed country.

She has known of emaciated children eating the entrails of dead animals, and of things yet worse, too horrible to be printed.

Kentucky has sent only \$500 to aid the sufferers, and Mason County hasn't sent more than \$25, while one man sent ten dollars of this.

A Queer French Law.

[Exchange.]

A Parisian paper a few days ago denounced the Sultan of Turkey as a coward, an assassin and a corruptionist, whereupon the editor of the paper was arrested and fined \$3, the payment of which was suspended until he should repeat the offense. This was in accordance with a peculiar French law which forbids insult to rulers of countries on friendly terms with France. The French law allowed a sentence of a year's imprisonment and a fine of \$600. The difference between the maximum punishment and the minimum fairly represents the friendly feeling which the French people entertain for the monster of the Bosphorus.

Third Pair of Twins.

VANCEBURG, KY., August 17.—There were born to Mr. and Mrs. John Cole this morning two twin boys, the third set of twins in nine years of married life, and all living. THE COMING FAIR.

Liberal Premiums on All Agricultural Products and Art Work to be a Feature—The Dates.

A few features which will be seen at the coming Maysville fair have already been secured and more will be added within the week. Of course the prominent thing in this forthcoming harvest home will be the interests of the farmer and producer. Heretofore large sums of money have been spent at fairs on those things which did not attract this large and influential class. The coming harvest home will be for them, however. Liberal prizes will be given for all farm products, household goods and fancy work.

The amusement features too will be fast and plenty. A fine Wild West show has been secured already, and for the four days Indians, broncos and the wilds of America will be exhibited in true style. The citizens of Maysville are giving the fair this year. They have put their shoulder to the wagon and if money, advertising and organization can draw, then the load will be complete but easily pulled. September 21st to 25th inclusive have been selected as the dates, and the grounds are being gone over to have them clean and neat, while already the advertising matter is printing and the posting of same will begin Monday.

The subscription list will be continued to-day by our merchants, and those not already assisting should get into the van, throw aside any prejudice or feeling of "not able," go down in your pockets, bury your antagonism and come now to show your interest in affairs which have the good of all at heart, and you will see great results when the first day of Maysville fair opens.

ON SUSPICION.

Two Maysvillians Arrested at Dover For Killing a C. and O. Brakeman.

DOVER, Ky., Aug. 18.—Four men were arrested here last night and are held on suspicion of having shot a brakeman on the C. and O. railroad near Foster.

They registered as John Liggett and Harry Weber, of Maysville, and William Smith and Dave Thompson, of Ironton, Ohio.

The Civil Service Commission is overwhelmed with papers of examination for Government positions. Over 14,700 such papers are on file, and more coming.

HIGHEST market price paid for wheat and rye at the Old Gold Mills.

THE Maysville band will give you the latest music at the Germantown fair.

COPIES of the Germantown fair program can be had now at the BULLETIN office.

THE flouring mill at Washington is running day and night, being behind in its orders.

WILLIAM DUNHAM, who was reported missing at Ripley, has turned up all right at that place.

THE fire department at Frankfort has been levied on to satisfy a judgement of \$1,200 against that city.

THE bicycle ring at the Germantown fair is for amateurs only. It's worth your while to try for it.

The best salve in the world for cuts, bruises, sores, ulcers, salt rheum, fever tores, tetter, chapped hands, chilblains, corns, and all skin eruptions, and positively cures piles, or no pay required. It is guaranteed to give perfect satisfaction or money refunded. Price 25 cents per box. For sale by J. James Wood.

NEW FIRM.

Messrs. Leonard & Lally Succeed Mr. S. A. Shanklin in the Stove and Tinware Business.

Messrs. John Leonard and Thomas Lally have purchased Mr. S. A. Shanklin's stock of stoves and tinware and will continue the business at the latter's old stand in the Tudor Building on Market street.

The style of the new firm will be Leonard & Lally. Both members of the firm are among Maysville's worthy and industrious young men. They have had several year's experience in the practical workings of the business, and their friends join in wishing them success.

The BULLETIN bespeaks for them a liberal share of the public patronage.

We Must Make Room.

In anticipation of a big Fall trade and realizing that goods pertaining to our lines will advance (a great many have already) we bought early and largely. We are already beginning to receive shipments; moreover,

IT WILL NOT BE LONG BEFORE OUR GREAT LINE OF MEN'S SHOES WILL COME IN

so you see we must make room. Now if you will look in our windows and see the line of Suits we are offering at \$10 you will assist us in making room. All of our fancy Cheviot Suits in checks, plaids and stripes—Suits that we sold at \$18, \$16.50 and \$15—go in this sale. No house in the State ever did or ever will offer a line of Suits like these for the price,

\$10

It is the greatest sacrifice sale we ever made, but as our patrons will be benefitted and it secures us room and money, we will only be too glad to have you take advantage of this sale. We have no room to quote prices on more medium grades, but the entire stock will be sold at proportionate prices. Please bear this in mind:

NO SUIT WILL BE SENT OUT ON APPROVAL AND NO SUIT WILL BE CHARGED—ONLY CASH WILL BUY THE GOODS DURING THIS GREAT SALE.

Money, however, will be cheerfully returned if goods don't suit upon home examination.
